

What is ABA?

The use of Applied Behavior Analysis in the treatment of Autism Spectrum Disorders

Alicia Like, M.Ed, BCBA, Clinical Manager of the CARD Español Portland program has more than 8 years of experience as both a classroom special education teacher as well as a behavior analyst.

Please join us at this free event as Alicia helps us better understand Applied Behavior Analysis, ABA, and its role in the treatment of Autism Spectrum Disorders.

In this training, Alicia will discuss:

- What is ABA and how does it differ from other therapies?
- How ABA therapy is used as an intervention for Autism Spectrum Disorder?
- What can I expect from an ABA program?
- Answers to frequently asked questions
